***TELL Centre Affiliate**

The term 'TELL Centre Affiliate' is used to describe an entity who wish to 'block fund' a group from their organisation to train as facilitators of the TOTR program.

The Facilitator Training Program (FTP) may be delivered by:

1. A Level 2 facilitator as organised by the TELL Centre team – in this case in addition to the charge of \$880 per participant, the affiliate would need to organise venue, catering and IT equipment and pay the cost for the facilitator (time, travel and accommodation (as required)).
2. A Level 2 facilitator who works for the entity – in this case the charge of \$880 per participant would apply and it would be assumed that all other costs, including facilitator time would be absorbed by the organisation involved.

An appropriate agreement is put in place with the organisation and associated Level 2 facilitator regarding the scope of the partnership with the organisation. The agreement would include the following:

- i. Participants wishing to attend the affiliate FTP should be employees of the organisation involved. If, due to insufficient numbers the organisation wanted to invite participants from external organisations, these individuals would attract a fee of \$1500 per person.
- ii. The Level 2 facilitator* would be restricted to delivering FTPs for the affiliate organisation at the designated charge per person, or delivering FTPs as directed by TELL Centre. In the latter case, the TELL Centre would pay the facilitator a fee for their time. This fee is non-negotiable.
